Textbook and Material

Multivariable Calculus Early Transcendentals, James Stewart 6th edition. ISBN: 049501172X

We will cover most of Ch. 12,13,14,15,16.

Some sections will be omitted, depending on progress.

The list of sections actually covered will be updated weekly, and will be available on the course directory.

Grading

Weight	Type	Time
40%	Final Exam	Thursday 12/17/09, 10:30-12:30
30%	Midterms	
	Midterm I	Friday, 10/02 Lecture.
	Midterm II	Friday, 11/13 Lecture.
30%	Quizzes	Every other Friday. Last 10-15 minutes of lecture. 1. 09/11 2. 09/25 3. 10/09 4. 10/23 5. 11/06 6. 11/20 7. 12/04.

- NO makeup exams.
Exceptions: illness, family or other emergency. Must be well documented to be considered.
- Final is cumulative.
- Midterm I Includes material taught up to Friday, 09/25.
Midterm II will include all material taught up to Friday, 11/06, with more focus on material taught after 09/25.
- The material for each quiz includes everything covered in the last two weeks BEFORE the week the quiz is given (with the exception of the first quiz) before the quiz. That is, Quiz 1 (week 2) covers week 1, Quiz 2 (week 4) covers weeks 2,3, etc... . A list of HW problems from the textbook will be posted bi-weekly, starting from the first week. HW will not be graded.

Misc

Calculators ? Leave at home. I do not allow calculators in the exams.
